# 中国: 钢管生产大国

## CHINA: A POWERHOUSE IN STEEL PIPE PRODUCTION

2023年钢管产量达到9565.1万吨，是历史上第二高位，其中无缝钢管产量达到3150万吨，同比增长6.42%，创历史新高。焊管产量6415.1万吨，也是历史上第二高位（2015年是6939.9万吨）。

钢管产量、表销量呈一定幅度增长主要受益于国际能源价格一直保持在较高位（多数月份76-90/桶美元），带动油井管和管线管国内国际市场需求增长，以及国内煤电（3个8000万千瓦）、城镇化建设（管网建设）、钢结构应用、新能源（如光伏支架、风电用管）等发展带来的需求增长。

In 2023, China's steel pipe production reached 95.65 million tonnes, the second-highest in history, with seamless steel pipe production reaching 31.5 million tonnes, marking a year-on-year increase of 6.42% and a new historical record. Welded pipe production was 64.15 million tonnes, also the second-highest in history (following the 69.39 million tonnes in 2015).

The increase in steel pipe production and sales was primarily driven by the sustained high levels of international energy prices (mostly ranging from \$76 to \$90 per barrel), which boosted the demand for oilfield pipes and pipeline pipes in both domestic and international markets. Additionally, the rapid development of sectors such as coal power (3 units of 80 million kW), urbanization (pipeline construction), steel structure applications, and new energy (e.g., photovoltaic brackets, wind power pipes) further contributed to the growth in steel pipe demand.

### 石油天然气行业

#### Oil and Natural Gas Industry

2022年中国原油加工量约为6.75亿吨, 同比增长约3.2%。2023年原油加工量预计达到6.9-7.0亿吨, 同比增长约2.2%-3.7%。中国炼油总能力约为9.2亿吨/年 (约1840万桶/日), 位居全球第二 (仅次于美国)。2023年炼油能力预计达到9.4-9.5亿吨/年, 同比增长约2.2%-3.3%。全球炼油能力约为1.02亿桶/日, 新增产能主要来自中国、印度和中东。全球石油天然气行业加速向低碳能源转型。天然气和氢能作为过渡能源, 需求快速增长。

China's crude oil refining throughput in 2022 was approximately 675 million tonnes, up roughly 3.2% year-on-year. With a year-on-year growth of about 2.2%-3.7%, the crude oil refining throughput in 2023 is expected to reach 690-700 million tonnes. Ranked second in the world, only behind the United States, China's refining capacity is about 920 million tonnes per year (approximately 18.4 million barrels per day). With a year-on-year increase of around 2.2%-3.3%, refining capacity is expected to reach 940-950 million tonnes annually in 2023. The global refining capacity is approximately 102 million barrels per day, with the additional capacity mainly concentrated in China, India, and the Middle East. The global oil and natural gas sector is accelerating its transition to low-carbon energy, with natural gas and hydrogen energy serving as transitional energy sources and experiencing rapid demand growth.

### 建筑工程

#### Construction Industry

2022年中国建筑业总产值约为31.2万亿元人民币, 同比增长约6%。2022年基础设施投资同比增长约9.4%, 成为建筑业增长的主要驱动力。预计2025年中国建筑业总产值达到37.0万亿元人民币, 年均增长率约5.5%-6%。重点领域包括交通（高铁、高速公路）、水利、市政工程等。绿色建筑、装配式建筑等新型建筑方式快速发展。中国建筑企业加快“走出去”步伐, 参与“一带一路”海外基础设施项目建设。

The total output value of China's construction sector in 2022 was nearly 31.2 trillion RMB, a year-on-year increase of approximately 6%. Infrastructure investment grew by about 9.4%, becoming the main driver of growth in the construction industry. With an annual growth rate of roughly 5.5%-6%, the sector is expected to generate 37.0 trillion RMB by 2025. Key areas include municipal engineering, water conservation, high-speed rail, and highways. Rapidly developing new building techniques include prefabricated buildings and green buildings. Under the Belt and Road Initiative, Chinese construction companies are accelerating their "going global" efforts and participating in the construction of overseas infrastructure projects.

## 下游行业需求平稳孕育无限商机

### Stable Downstream Fuels Endless Business Opportunities

近年来钢管主要下游行业只有汽车行业、建筑行业略有波动, 其他比如石油天然气行业、化工行业、电力行业等钢管主要下游均有不同的增长;这将给钢管行业带来利好, 也为钢管行业2025年之后平稳运行提供了保证。

In recent years, the demand from steel pipes' major downstream industries, such as the automotive and construction industries, has shown slight fluctuations. However, other industries like oil and gas, chemicals, and power generation have experienced different growth trends. This will bring favorable prospects for the steel pipe industry and ensure its stable operation beyond 2025.

### 化工行业

#### Chemical Industry

2023年中国化工行业总产值15.5万亿元人民币, 同比增长约6.9%。2025年预计达到17.5万亿元人民币, 年均增长率约为6.5%-7.0%。化工产品需求保持稳定增长, 主要来自包装、汽车、建筑、电子等行业。亚太地区（尤其是中国）是全球最大的化工生产和消费市场。

In 2023, the total output value of China's chemical industry was 15.5 trillion RMB, a year-on-year increase of approximately 6.9%. The total output value is expected to reach 17.5 trillion RMB by 2025, with an annual growth rate of around 6.5%-7.0%. The demand for chemical products remains steady and continues to grow, mainly driven by industries such as packaging, automotive, construction, and electronics.

### 电力及新能源行业

#### Power and New Energy Industry

2022年中国总发电量约为8.7万亿千瓦时 (kWh), 同比增长约3.7%。预计2025年达到10万亿千瓦时, 年均增长率约4.5%-5.0%。风电是中国增长最快的可再生能源之一, 海上风电和分布式风电成为发展重点。太阳能发电增速最快, 光伏组件成本持续下降, 推动行业快速发展。核电是中国清洁能源的重要组成部分, 小型模块化反应堆 (SMR) 和第四代核电技术成为发展方向。

In 2022, China's total power generation was estimated at 8.7 trillion kWh, reflecting a year-on-year increase of approximately 3.7%. Total power generation is expected to reach 10 trillion kWh by 2025, with an annual growth rate of approximately 4.5% to 5.0%. Wind power is one of the fastest-growing renewable energy sources in China, with offshore wind and distributed wind power becoming key areas of development. Solar power generation is accelerating, driven by the continued decrease in photovoltaic module costs, which is fueling rapid industry expansion. Nuclear power is a major component of China's clean energy, with small modular reactors and fourth-generation nuclear technology being developed as part of China's clean energy strategy. infrastructure, intelligent construction will be an important trend in the development of oil and gas pipelines.

### 汽车行业

#### Automotive Industry

2022年中国汽车总产量约为2700万辆, 同比增长约3.4%。2022年中国汽车销量约为2680万辆, 同比增长约2.1%。传统燃油车产量和销量增速放缓, 市场份额逐渐下降。2024年新能源汽车在中国市场的渗透率预计达到35%-40%, 全球市场渗透率预计达到20%-25%。汽车行业也逐步向智能化、网联化、轻量化及国际化发展。

China's overall car production in 2022 reached approximately 27 million units, increasing by 3.4% year-on-year. Car sales in 2022 grew by 2.1%, totaling approximately 26.8 million units. The market share of traditional fuel vehicles progressively declined as their production and sales slowed. By 2024, the penetration rate of new energy vehicles in China is expected to reach between 35% and 40%, with the global penetration rate projected to be between 20% and 25%. The automotive industry is gradually shifting towards greater intelligence, connectivity, lightweight design, and internationalization. industry. The development trend is relatively stable.

TUBE CHINA：赋能行业全新内涵，聚焦更多行业板块  
TUBE CHINA: EMPOWERING A NEW INDUSTRY CONNOTATION, FOCUSING ON MORE INDUSTRY SEGMENTS

Tube China始创于2004年，两年一届。作为亚洲领先的管材专业展会，Tube China为管材和管道行业在各个应用领域实现高质量发展提供关键支撑。

主办方杜塞尔多夫展览（上海）有限公司和中国国际贸易促进委员会冶金行业分会冶金工业国际交流合作中心将继续强强联手，在Tube China 2026展会上以推进节能环保为核心主题，推出绿色低碳解决方案，加速行业可持续发展转型。管材行业的工艺技术创新注重数字化与智能化技术的深度融合，以推进行业产品结构优化和技术沿革。与此同时轻量化材料的广泛应用，不仅降低了生产成本，还进一步提升了管材的性能与适用范围。管材行业正朝着更环保、更智能、更高效的方向迈进，为装备制造业提供更优化解决方案。

Tube China 2026展会预计将聚集全球50,000多名专业买家（同期举办wire China），在寻求创新产品和技术的同时，与您共话行业发展新机遇。

Founded in 2004 and held biennially, Tube China is Asia's leading exhibition for the tube and pipe industry, providing crucial support for high-quality development across various application fields.

Messe Düsseldorf (Shanghai) Co. Ltd. and the Metallurgical Council of the China Council for Promotion of International Trade (MC-CCPIT), will continue to collaborate for Tube China 2026. The event will focus on energy-saving and environmental protection, introducing green and low-carbon solutions to accelerate the industry's transformation towards sustainable development. Innovations in tube industry will concentrate on the deep integration of digital and intelligent technologies to drive product structure optimization and technological evolution. Meanwhile, the widespread application of light weight materials not only reduces production costs but also enhances tube performance and expands its range of applications. The tube industry is progressing towards a more environmentally friendly, intelligent, and efficient direction, providing optimized solutions for the equipment manufacturing sector.

Tube China 2026 is expected to attract over 50,000 professional buyers from around the world (held concurrently with wire China), who will be seeking innovative products and technologies while discussing new opportunities for industry development with you.

上届回顾  
Review of Tube China 2024

\*数据来源于: Tube China 2024  
Data source: Tube China 2024

这是我们第三次参加Tube China，每年参展都有新的感受。我们公司的口号是“以管会友，同道共富”秉承着这样的理念我们来到Tube China，见到了非常多的老朋友，也结识了来自五湖四海的新朋友。我们希望通过这届展会能再一次让大家对宝地的产品、质量、服务有新的认识，我们也希望下一届Tube China越办越好，持续扩大全球的影响力。

This is our third time to participate in Tube China, and every year we are filled with new emotions. Our company's slogan is "Meeting tube peers, sharing prosperity". With this concept, we came to Tube China and met a lot of old friends as well as made new acquaintances from all over the world. We hope that through this exhibition we can once again give everyone a new understanding of Baodi's products, quality and service, and we also hope that the next Tube China will continue to expand its global influence.

江苏宝地管业有限公司 | 张宏帅 总经理  
Zhang Hongshuai, General Manager | Jiangsu Baodi Tube Co., Ltd.

展商评语  
Exhibitor Testimonials

我们非常感谢Tube China给我们和客户提供这么好的一个平台进行深度交流。我们通过Tube China获取市场信息，同时也有很多客户到现场来参观我们的设备。希望通过Tube China让更多的人知道我们的公司，我们也会加强、优化产品质量，为客户创造价值，提供更可靠的解决方案。

We are deeply grateful to Tube China for providing such a great platform for meaningful exchanges with our clients. The exhibition allowed us to gather valuable market insights and trends. Many of our clients visited us onsite to see and experience our equipment firsthand. We hope that Tube China helps raise awareness about our company within the industry. We remain committed to enhancing product quality, creating value for our clients, and delivering more reliable solutions.

德华材料检测有限公司 | 陈嘉乐 高级销售经理

# 同期举办三大细分领域展览会 THREE SEGMENTED EXHIBITIONS WILL BE COLLOCATED

## 中国热处理设备及技术展览会 Thermprocess China

依托Thermprocess杜塞尔多夫国际热处理展在业界的良好口碑和国际声望，2026年Tube China同期举行的中国热处理设备及技术展览会（Thermprocess China），将为更多全球热处理系统及设备的供应商提供完善的交流展示平台，使金属和管材加工的相关产品和技术得到进一步的衍生。

Leveraging the strong reputation and international prestige of Thermprocess in Düsseldorf, Thermprocess China will be held concurrently with Tube China 2026. Thermprocess China will provide a comprehensive platform for global heat treatment system and equipment suppliers to engage and showcase their innovations. This will further advance the development of products and technologies related to metal and tube processing.

### 展品类别 EXHIBITS CATEGORY

- 工业炉、热处理设备

## 中国有色金属暨高性能合金材料展览会 Nonferrous Metals & High Performance Alloy Materials China

有色金属和高性能合金材料是高端装备制造业的核心基础材料，由于其具有高强度、轻量化、耐高温与抗腐蚀的特性，在促进装备制造业的绿色和可持续化发展方面发挥了重要作用。

Tube China 国际管材展主办方于2026年全新推出“中国有色金属暨高性能合金材料展览会”，展会预计总规模将达到1,000平米，汇集全球有色金属及高性能合金材料的优质供应商，为其构建与全球5万余名专业买家面对面的线下交流平台。

Nonferrous metals and high-performance alloys are core materials for high-end equipment manufacturing. Due to their high strength, lightweight, high-temperature resistance, and corrosion resistance, they play a crucial role in promoting the green and sustainable development of the equipment manufacturing industry.

The organizers of Tube China International Tube Exhibition will launch the brand-new "Nonferrous Metals & High Performance Alloy Materials China" in 2026. The exhibition is expected to cover a total area of 1,000 square meters, bringing together top suppliers of nonferrous metals and high-performance alloys from around the world and providing them with an offline platform for face-to-face exchanges with over 50,000 professional buyers globally.

## 中国锯业及激光切割技术展览会 Saw and Laser Cutting China

2024年中国锯业及激光切割技术展览会，吸引了众多海内外锯切设备及工具供应商汇聚一堂，交流最前沿的产品和技术，2026年主办方更丰富了激光切割相关的设备与技术解决方案，进一步完善管材加工的上下游产业链。

The Saw and Laser Cutting China exhibition in 2024 attracted numerous domestic and international suppliers of sawing equipment and tools, gathering them to exchange cutting-edge products and technologies. In 2026, the organizers will further enrich the laser cutting-related equipment and technology solutions, enhancing the upstream and downstream industrial chain of tube processing.

### 上届优质买家一览 Tube China 2024 Well-known Buyers

以上仅为部分上届买家，排名不分先后 / Only part of the buyers are listed above, ranking in random.

## 同期活动聚焦创新技术和行业热点 CONCURRENT EVENTS FOCUSING ON TECHNOLOGY INNOVATIONS AND INDUSTRY HOT TOPICS

Tube China聚焦管材产业中碳达峰、数智驱动、科技创新等热门关键词并进行了探讨，促进行业国际交流与合作，推进管材和管道行业产品结构优化和技术创新，为管材在各个应用领域实现高质量发展提供关键支撑。

Tube China focused on critical issues like carbon peaking, digitalization and intelligence-driven operations, and technological innovation within the tube industry. This focus facilitated international exchange and cooperation, propelled advancements in product structure and technological innovation, and provided essential support for achieving high-quality development across various applications in the tube and pipe sectors.

## 上届活动回顾 Tube China 2024 Events Review

专业论坛同期举办, 聚焦行业热点共拓商机

Professional Forums Organized During the Exhibition. Focus on Trending Industry Topics and Exploration of Business Opportunities

### 中国国际钢管高峰论坛 China International Steel Tube & Pipe Summit

第二届中国国际钢管高峰论坛聚焦于全球管材行业的发展趋势，深入探讨了中国及全球管材行业的现状、下游行业的发展及其对管材的需求。

The 2nd China International Steel Tube & Pipe Summit zeroed in on global development trends within the tube industry, thoroughly examining the current domestic landscape in China as well as worldwide, while exploring the evolution of downstream industries and their requirements.

### 2024汽车绿色驱动及管材科技创新论坛 2024 Green Automotive and Tube Technology Innovation

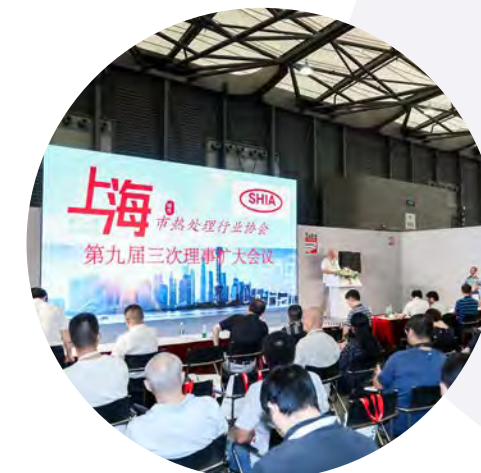

《汽车与配件》联手主办方在Tube China展会期间举办“2024汽车绿色驱动及管材科技创新论坛”。此次论坛围绕汽车管材、连接器、热管理系统创新与趋势、材料技术革新及应用等核心议题展开探讨。

“Automobile and Parts” Magazine collaborated with the organizer to host the “2024 Green Automotive and Tube Technology Innovation Forum” alongside the exhibition. In the forum, discussions centered around key issues like innovations and trends in automotive tubes and connectors, thermal management systems, and advancements in material technologies

### 上海市热处理行业协会九届三次理事扩大会议 Third Session of the Ninth Shanghai Heat-Treatment Association Board of Directors Expansion Meeting

在本届展会期间，主办方与上海热处理行业协会联合举办了“上海市热处理行业协会九届三次理事扩大会议”，阿瑞斯工业炉等企业上台分享。

During the exhibition, the organizers collaborated with the Shanghai Heat-Treatment Association to host the “Third Session of the Ninth Shanghai Heat-Treatment Association Board of Directors Expansion Meeting”. Companies such as Ares Furnace took the stage to share their insights.

## TUBE CHINA “长期贡献展商”颁奖典礼 TUBE CHINA “LONG TERM CONTRIBUTION EXHIBITOR” AWARD CEREMONY

2004年的9月，Tube China展会创办，在中国开启了专业商贸技术交流的平台。二十年的光阴见证了Tube China与管材行业的共同成长。从一个初出茅庐的行业新星，到如今成为管材行业公认的旗舰展览，Tube China在二十周年之际，向业界呈现了一份令人瞩目的成就答卷。为了感谢一路与Tube China携手同行的伙伴们，Tube China在展会期间举办了“长期贡献展商奖”颁奖仪式。感恩有你，一路同行；共创未来，我们同在！

Tube China was launched in September 2004, establishing a professional platform for business and technical exchange in China. Over the past two decades, Tube China has grown alongside the tube industry. What began as an emerging industry event has evolved into a flagship exhibition, widely recognized across the tube sector. On its 20th anniversary, Tube China celebrated this remarkable journey and the milestone achievements that made it an industry landmark. To express gratitude to the partners who have been with Tube China along the way, an “Long Term Contribution Exhibitor” awards ceremony was held during the event. Thank you for being a part of this journey. Together, we create the future!

## 丰富的宣传渠道, 助您获得更多流量 VARIOUS ADVERTISING TOOLS HELP YOU GET MORE EXPOSURE

为达到更多的宣传效益, 接触更多的潜在买家, 主办方提供展商与展品名单, 为全球买家不断优化寻找供应商及产品的功能, 促成高效的供需对接。

In order to help you achieve better promotion results and reach more potential buyers, the organizers provide exhibitor and product list, and continuously optimize the supply and demand search functions for global buyers.

与70余家优质的中外管材行业媒体合作, 创新宣传。2020疫情期间首次推出VR云展, 让展会的宣传效益触及展馆以外的全球买家, 突破地域限制。

Cooperate with more than 70 high-quality domestic and overseas tube industry media to promote the event in innovative ways. During the pandemic in 2020, the VR exhibition was launched for the first time, allowing the promotion of the exhibition to reach global buyers outside the exhibition hall, breaking through the geographical restrictions.

按照参展商需要量身定制推广服务(现场广告、特色赞助、同期活动合作、线上推广、印刷媒体等), 提供优质高效的宣传工具, 让参展商随时随地和全球潜在买家联系。

Customized advertising services, high-quality and efficient tools such as on-site advertising, featured sponsorship, collocated event cooperation, online promotion, print media, etc. are provided according to exhibitors' needs, allowing exhibitors to contact potential buyers around the world anytime, anywhere.
